quot;I'm telling you, I'm under age.". where is the ammo ???????????? dude come on. pay to play pay to win dont waste your time on this game. This is an awesome game. It has beautiful graphics, and some awesome vehicles. But, it hasn't been updated in like half a year. I think that if the developers would start adding more it would be a hit, but there is no real story and once you finish all the races (A real challenge), there's not much to do. I liked it, but it needs more gameplay for me to really love it. In reality, this is kinda a half and half thing, but I can't do that, so I have to give this a thumbs down.. I am Brazilian and the game aqw is incredible very good and addictive now I launch the 3D this very cool new gameplay and very fun the game. 9V10, because psyonix should have allowed black primary paint for the bone shaker..

Great game. Checks a lot of boxes for me. I've played so many of David's games over the years. This will be another I spend hundreds of hours playing.

Check out the discord and watch the twitch streams for more inside information to the development process.

Joined Early Access and couldn't be happier helping to make the game better. So much potential for this game that I love seeing the new features and content.. No more Updates GG game.. Beat a tower that took about 30 minutes.

"Can't connect to the servers."

Lost all progress.

##### Last thoughts:

[This game seems to have aged very well. Im a picky gamer and easily bored, and it kept me entertained for hours on end. The developers never hold your hand. They present you with obstacles that you solve in your own creative ways. This creates a gameplay loop thats very satisfying, and as your character becomes more powerful, you just feel like an absolute badass.](#)  
[THIS IS ONE OF THE GREATEST GAMES EVER MADE. If youre tired of all these mediocre AAA titles that wanna hold your hand and bore you with a terrible story, buy this game!!!!](#)
